## Company Overview

### Company

Web.com, Inc. (NASDAQ: WWWW) is a leading destination for the simplest, yet most powerful solutions for websites and web services. Web.com offers do-it-yourself and professional website design, website hosting, eCommerce, web marketing and e-mail. Since 1995, Web.com has been helping individuals and small businesses leverage the power of the Internet to build a web presence. More than 4 million websites have been built using Web.com's proprietary tools, services and patented technology. For more information on the company, please visit [www.web.com](http://www.web.com) or call at 1-800-WEB-HOST.

### Mission

Web.com's mission is to make purchasing, managing and promoting a successful website simple for everyone, regardless of their technical or design experience.

### Products and Services

Web.com understands that people want to leverage the power of the Internet to express themselves or to grow their business, but typically don't have the time, resources or technical know-how to create, manage and promote a successful website. To address the market's growing demands, Web.com offers a virtual one-stop-shop of simple, feature-rich web tools and services including do-it-yourself and professional website design, website hosting, eCommerce, web marketing and e-mail. As one of the longest-standing leaders in the website hosting industry, Web.com offers powerful, proprietary, point-and-click technologies and expert support professionals to ensure simplicity and ease-of-use at every step of the process.

### Distribution Partners

At Web.com, our channel and distribution partners play a critical role because they make buying our products and services easy and convenient for small business owners. Our strategic relationships bring together our core competencies and ability to scale with our partners' established access to large customer bases through channels that include Yellow Pages directories, broadband services, telecommunications, retail, and others.

Today, our strategic distribution and retail partners are many and include: R.H. Donnelley®, Dex Media®, EarthLink®, British Telecom®, Lycos®, Thomas Publishing®, Ambassador Yellow Pages®, Hawaiian Telcom®, LegalZoom.com, Encore Software, SAM'S CLUB®, Office Depot®, CompUSA®, and Amazon.com®.

### Technology Partners

Web.com partners with leading technology companies to provide small business owners and consumers with innovative and reliable web tools and services. Working with these partners enables us to offer best-of-breed technology, services and business practices that are second to none. Most importantly, we integrate the best that each of our partners has to offer, bringing them together to uniquely address the specific needs of the small business marketplace. Our expertise in serving the small and medium-sized business market is supported by a wide variety of technology partnerships with industry leaders such as, Cisco®, Compaq®, Foundry Networks®, Google®, Hewlett-Packard®, Lycos®, Macromedia®, MIVA®, Microsoft®, Network Associates®, Openwave®, PayPal®, RealNetworks®, Red Hat®, Staples®, Sun Microsystems®, VeriSign®, Verizon®, VERITAS®, Yahoo!®, and WebTrends®.

## Patents and Intellectual Property

With more than a decade of innovation and leadership in the web hosting and web services industry, Web.com is using its portfolio of patents and other intellectual property to expand the scope of its business and make efficient solutions available throughout the world. Web.com's Intellectual Property and Licensing team facilitates transactions with partners and licensees through creative license arrangements and strategic alliance agreements.

Web.com patents cross various technology concentrations including:

- Web Hosting
- Website Design
- Graphic User Interface
- Data Center Management
- Web Server Management
